

DISTRICT PUBLICATIONS

The Holmdel Township Board of Education believes that on-going two way communication with relevant audiences enhances the district's instructional programs and enables the district to achieve its educational goals.

In keeping with this philosophy, the Superintendent shall direct the development and dissemination of informational newsletters and handbooks for parents/guardians, pupils, staff and the general community as deemed necessary by the Board of Education.

Centralized control of district publications shall be designed to ensure that their contents reflect district-wide policies and regulations accurately.
