## Katharine Wang Award-Winning Artist!

Congratulations to 12<sup>th</sup> Grade student Katharine Wang, whose original design was chosen for this year's HCAA Ad-Journal!

Katharine, a member of Ms. Lazar's Honors Sculpture class, has plans to study both Art and Engineering in college, and lists Stanford University and Carnegie-Mellon University as among her top choices.

The Holmdel Creative Arts Association (HCAA) sponsors this annual contest for members of the Holmdel Art program, as a means of galvanizing interest in their endeavors – all entries are showcased in the journal, with the top choice gracing its cover. The Ad Journal, distributed at various artistic events in the district, is itself a major revenue producer for the HCAA, which each year donates thousands of dollars to the creative arts programs in all of the district schools.

Congratulations again to Katharine, and thanks to the HCAA for all of its support!

Ms. Lazar and Katharine Wang
